

# DEATH CHECKS LONG CAREER OF JAMES J. HILL

## Empire Builder Blazes New Trail After Long Fight at His St. Paul Home.

# HIS FUNERAL WILL BE HELD WEDNESDAY

## Started Out Poor Boy and Amassed a Fortune \$250,000,000.

ST. PAUL, Minn., May 29.—James J. Hill, railroad builder, capitalist and most widely known figure of the northwest, died at his residence in Summit avenue at 9:30 o'clock this morning as the result of an infection due to bowel trouble.

Mr. Hill was unconscious for nearly 12 hours before he died. Dr. Herman M. Higgs and Dr. Stanley Seager of the Mayo staff, together with members of the immediate Hill family were at the bedside when the end came.

The funeral will be held at the Summit avenue home at 2 p. m. Wednesday. Announcement of funeral arrangements was contained in a statement issued by the family late this afternoon.

Contrary to expectation, interment will not be in Calvary cemetery, but in a private mausoleum, to be erected at North Oaks farm, five miles north-east of St. Paul, long the summer home of the empire builder.

The general public will not have an opportunity formally to pay tribute to the leading citizen of the northwest, but Mr. Hill's associates and the faithful employees who made possible his great achievements will be admitted to the house to view the body before the funeral services. The general offices of the Great Northern railway and the First National bank and Northwest Trust company will be closed all day Wednesday.

Send No Flowers.

The family statement includes a request that no flowers be sent. Reverend Thomas J. Gibbons, vicar-general of the Catholic diocese of St. Paul, who attended Mr. Hill during his last few hours, will officiate at the funeral.

All afternoon telegrams continued to pour in from all parts of the country with expressions of condolence for the family. A constant stream of family friends called at the home and at the residence of Louis W. Hill, next door. Few words were exchanged, merely leaving words of sympathy for the elder Mr. Hill and his children.

Sank Rapidly.

Following his relapse late yesterday Mr. Hill sank rapidly again during the night.

All the members of his family were at the bedside except Mrs. M. Beard of New York, a daughter. She will arrive tonight.

According to Dr. James Gillilan, the family physician, Mr. Hill died of blood poisoning caused by infection of an hemorrhoid which infection finally spread, despite operations, from the right thigh to below the knee. Hope for his recovery was abandoned yesterday.

James J. Hill's wealth has been estimated at from \$100,000,000 to \$250,000,000. He was probably worth between \$200,000,000 and \$250,000,000.

# MAY GET A TARIFF COMMISSION AGAIN

## Revenue Bill Also Provides Against Unfair Competition After the War.

WASHINGTON, May 29.—Administration measures for a tariff commission, protection against unfair competition after the European war ends and encouragement for the American dyestuff industry will be incorporated in the general revenue bill. A statement issued tonight by Majority Leader Kitchin, chairman of the house ways and means committee, said:

"The majority members have finally decided to report favorably the administration tariff commission, known as the Rainey bill, which will be a part of the general revenue bill of this session."

### Protect Industry.

"There will be incorporated in the general revenue bill ample provision for the encouragement of the dyestuff industry, the committee believing that the producer of dyestuffs stands solitary and alone in its relations to the tariff. Before the European war Germany controlled the whole production. We produced here less than 20 per cent. Not only the United States, but the whole world was dependent upon Germany for its dyestuffs. The action of the committee will make it possible that within the next five years American dyestuff manufacturers will produce at least 65 per cent of the domestic consumption and this will make not only dyestuff manufacturers, but industries using dyestuffs independent of the German monopoly."

"There will also be incorporated in the general revenue bill ample anti-dumping and unfair competition provisions."

Mr. Kitchin said he believed the bill as finally presented to the house will be nonpartisan to such an extent that a large number of Republicans, if not a majority, will be able to support it.

# SAYS HUGHES WILL GET G. O. P. NOMINATION

## REPUBLICAN LEADER PREDICTS THAT THE JUDGE WILL CARRY CONVENTION.

### Does Not Consider But Has High Regard for Root's Ability and Experience.

NEW YORK, May 29.—A majority of the New York delegates to the Republican national convention favor the nomination of Justice Hughes for president, according to a statement given out today by Frederick C. Tanner, chairman of the Republican state committee and a delegate at large.

This is notwithstanding the high regard for Senator Root's ability and experience and in spite of Justice Hughes' refusal to take any part in the contest, Chairman Tanner said.

A letter signed by William Barnes as Republican national committeeman and made public here today called a meeting in Chicago June 6 of the New York state delegation to the Republican national convention. Some politicians interpreted the letter as a call for "a count of noses" of the Roosevelt, Hughes and Root factions.

View of reported threats by delegates from all three camps to introduce resolutions at their first meeting looking to that end.

# ENGLAND CALLS IN U. S. SECURITIES

## House of Commons Demands That Owners Sell Stocks to Government.

# WON'T HARM MARKET

## Additional Income Tax Will Be Imposed Against Those Who Refuse.

LONDON, May 29.—(4:50 p. m.)—In the house of commons today Reginald McKenna, chancellor of the exchequer, moved the resolution he gave notice of last week, the purpose of which is to compel sale to the government under the mobilization plan of American securities hitherto withheld by their owners.

Mr. McKenna's measure imposes an additional income tax on American securities exempting those which are deposited with the treasury.

Harold J. Tennant, parliamentary under-secretary for war, explained that as England there was a limit to the exportation of gold, a loan already having been raised in America, the government had resorted to the mobilization of securities to meet the balance of payments.

### Won't Injure Market.

This scheme, Mr. Tennant said, had been carried out with great care and without any injury to the American market. The government had been able to pay its way and procure a substantial balance in New York to meet charges which might become due. For some months past, however, the supply of American securities offered to the government had dwindled from a torrent to little more than a trickle. It has been suggested that this was due to natural exhaustion of the supply.

Mr. McKenna said the government obtained securities in a steady stream under the present system, had never paid for them in advance before they were realized in America and had taken them over without risk or loss, when they were required. He believed his plan would be sufficient for the purpose. The tax is to go into effect July 1 for a period of one year.

Mr. McKenna's resolution met with considerable hostile criticism. The debate brought out the fact that the resolution was applicable to any foreign securities, but that the treasury must be willing to buy securities before it could be affected by the tax.

### "Sheer Robbery."

William Watson Rutherford, Unionist, said the tax was "sheer robbery." He declared it was a tax not for revenue, but for punishment. He said the government should not expect the American government to be so easily coerced, but that it should be coercive, but not mean.

Sir Frederick Banbury, Unionist, denounced the chancellor's proposal, saying it was going back to the days of Isaac of York.

Winston Spencer Churchill defended the resolution. He thought the chancellor's proposal was a very modest one. There were times when it was not possible or desirable to draw nice distinctions about equality or sacrifice, for unless the war were prosecuted vigorously there would be equality of ruin for all.

At the conclusion of the debate the resolution was adopted.

### Bandit Bands.

COLUMBUS, N. M., May 29.—Reports brought here by arrivals from the front said that a number of small bands of bandits have been encamped to the rear of General J. P. Pershing's rear posts. One report placed them within 15 miles of the American column.

At military headquarters nothing was known of the report, which it is pointed out, may have originated with the movement of Carranza troops during the bandits in the vicinity of the Americans.

MIAMI, Okla., May 28.—The Hon. J. K. Moore, who has represented Oklahoma county in the state legislature for several terms, is seriously contemplating running for congress in the first district against James Davidson.

# MEXICAN NOE FAILS TO REACH WILSON ON TIME

## State Department Officials Are Mystified by Non-appearance of Missive.

# MAY REACH HERE TODAY IS REPORT

## Word Received to Effect That Demand Will Be Made for Withdrawal.

WASHINGTON, May 29.—State department officials were somewhat mystified today over the failure of the new note from General Carranza to reach the department or the Mexican embassy.

The department's advisers indicated that it was to be expected tomorrow.

Manuel Mendez, the foreign office attaché from Mexico City, who was supposed to be acting as special messenger, arrived here today, but declared he had no knowledge of the note whatever and merely had come to Washington on a vacation. Eliseo Arredondo, the Mexican ambassador designate, with whom Mendez conferred, said that none of his messages from the foreign office contained any mention of a new note.

### May Ask for Withdrawal.

Word that the note was coming and that it probably would reach the suggestion that American troops be withdrawn from Mexico reached the department last week. Later dispatches from Mexico City said the Carranza government was taking precautions to guard against premature publication of the note and that nothing concerning its contents would be revealed until it had been presented in Washington. De facto government officials were quoted as saying they expected it to be handed to Secretary Lansing today.

Mr. Arredondo made no appointment at the state department today and as tomorrow is a holiday it is certain the note will not be presented until Wednesday should it arrive tonight or tomorrow.

### Operators Operate.

The protest of 41 American oil operators in the Tampico region against decrees of the de facto government affecting their work still is awaiting consideration at the department. It was received at the department. It was referred to Secretary Lansing. Department advisers reported quiet at Tampico. The seizure of several American-owned oil cars has been the only disturbing incident in that section officially reported.

A protest will be made. Rumors transmitted by border military commanders as matters of information for the department. Carranza said twenty-two thousand troops were mobilized near Chihuahua City. Officers here showed little interest in this report. General Scott's comment being that the Carranza government was acting in accordance with the Scott-O'Brien understanding. Trevino and Pershing already have been authorized to confer as military matters.

Another rumor transmitted said Mexican City papers quoted General Luis Herrera as saying he was ready to attack the Americans if they did not withdraw from Mexico before June 1. He mentioned this report. Herrera is the officer whose alleged revolt precipitated many alarming reports at the time of the Columbus raid.

# VOTE BONDS FOR GAS SUPPLY

## People of Newkirk Will Construct Line From Blackwell Fields.

Special to The World.

OKLAHOMA CITY, May 29.—At a recent election the people of Newkirk voted \$250,000 bonds to construct a pipe line from the Blackwell gas field, 14 miles distant, to pipe gas to Newkirk. State Senator M. S. Cline, interested in the proposition, when here looking up the possibilities of the gas production in the Blackwell field, was told by the citizens of Newkirk that the pipe line would begin within the next few weeks, and that it is the intention to hurry completion of the line so that the citizens of Newkirk could begin using gas before the winter months came. Senator Cline is of the opinion that the people of Newkirk can get gas at not more than four cents a thousand cubic feet. Gas has been found in abundance in the Newkirk field.

# DEVELOP NEW FACTOR IN WILL ORPET CASE

## JOSEPH HARTMAN SHEDS LIGHT ON DEATH OF MARIAN LAMBERT.

### Mysterious Telegram Also Figures. Only Severe Eight Jurors in the Case.

WAUKEGAN, Ill., May 29.—Interest today at the trial of Will Orpet, University of Wisconsin student, charged with the murder of Marian Lambert, a former sweetheart, centered around Joseph Hartman and a mysterious telegram sent February 21, 1916, from Lake Forest.

The message was addressed to Joseph Hartman in Chicago and was signed "A." It read, "If you can, please come to trial next week. Who either 'A' or 'G' was not learned.

Hartman went to the defense last Monday with a story that Miss Lambert had been aided in her troubles by his cousin, Clara Cramer, a nurse, and that Miss Lambert had told her that she contemplated suicide at that time. He said his cousin was in Toledo.

Kenneth Hawkins, counsel for the defense, went to Toledo seeking Miss Cramer. He said she had been in Chicago and he returned. Hartman then said he had "double-crossed" the defense, appearing at the office of State's Attorney Duffy as a witness for the state. Mr. Will Orpet said he could not explain Hartman's actions. Mr. Duffy refused to comment regarding Hartman.

Count adjourned over tomorrow with still only eight jurors sworn in.

The program will begin at 3 o'clock this afternoon when there will be a general assembly at Oklahoma cemetery where the principal exercises of the day will occur.

The Rev. C. C. McGee, department chaplain of the Grand Army of the Republic, will give the invocation and Secretary E. O. Tibbels of the Chamber of Commerce will deliver the address.

A program of songs has been prepared for the occasion, a mixed quartet, led by several patriotic selections.

Following the songs, "Taps" will be blown and the graves of the departed will be decorated.

### Stores to Close.

It was announced by Secretary Rayson of the Retail Merchants' association that all the dry goods and ladies' ready-to-wear stores would close at noon today, and it is expected that many of the other stores of the city will do likewise. It also was announced that all freight offices in the city would distribute perishables up to 10 a. m., but will not receive outgoing shipments.

There will be but one delivery of mail this morning and the general delivery windows will be closed after 10 o'clock. All banks will be closed throughout the day.

The purely religious services in connection with the memorial day exercises were held in the several churches Sunday, the principal one being at the First Christian church where the veterans of the G. A. R. and other like organizations gathered to hear the Rev. J. W. Darby.

General debate closed with Mr. Kitchin's speech and the house then began consideration of the bill under the rule permitting five-minute speeches on amendments. This probably will be continued until 4 o'clock Friday afternoon, the hour set for the final vote.

Representative Farr of Pennsylvania, speaking for the minority report with its larger building program, drew applause from the galleries by declaring in favor of building 25 capital fighting ships, 250 submarines and many aircraft.

# NO STRIKE OF TELEGRAPHERS

## Possibility of Trouble on Eve of Republican Convention Is Eliminated.

NEW YORK, May 29.—The possibility of a strike of telegraphers on the eve of the Republican national convention at Chicago was virtually dismissed today by S. J. Koenekamp, president of the Commercial Telegraphers' union, when he opened its eighth biennial convention here.

Arrangements were made soon after the convention met for the appointment of a committee to discuss the wage question and general policy of organization as it relates to immediate and future business, but it was said there was no disposition "to rush matters" with respect to a strike.

# SENATE PASSES \$43,000,000 RIVER MEASURE

## Huge Harbor and Waterway Appropriation is Through.

# SENATOR KENYON DENOUNCES BILL

## Strike Out Amendment to Create Commission; Fostered by Administration.

WASHINGTON, May 29.—The senate passed today the river and harbor appropriation bill, carrying approximately \$43,000,000, by a vote of 35 to 32 after adding many amendments.

Just before the final vote was taken Senator Kenyon predicted it would be the last of its kind to pass an American congress.

### Let People Squal.

"You are voting at least \$20,000,000 into this bill that is absolutely unjustifiable," said Senator Kenyon. "You are dumping thousands of dollars into streams you could not recognize as such when you crossed them. Your motto is 'Let the people squal.' I want to say that if the price of holding my seat in the senate is to vote for bills of this kind, the seat is mine."

Shortly before the bill was placed upon its final passage, the Newlands amendment to create a national waterway commission, which has been accepted, was stricken from the bill on a renewed point of order made by Senator Gallinger of New Hampshire.

### Care Against It.

Nine Democratic senators voted against the bill. They were: Ashurst, Gore, Hollis, Harding, Newlands, Pomeroy, Shafroth, Tamm and Thompson.

Senators Tillman and Thomas, Democrats, sought to cast negative votes, but could not transfer their pairs.

Seven Republicans voted for the bill.

The bill as it passed the house carried approximately \$40,000,000. Chief among the senate additions were appropriations for the harbors at Los Angeles, Long Beach and San Pedro, Cal., and Duluth and Superior on Lake Superior.

An appropriation for \$200,000 for deepening East river, New York, was the only new project inserted in the bill by the senate. It was urged by the president and secretary of the navy to provide a channel for battleships to the navy yard at Brooklyn.

# CALLS ARMAMENT CLAMOR HYSTERIA

## Majority Leader Kitchin Thinks Administration Naval Bill Too Large.

WASHINGTON, May 29.—Majority Leader Kitchin in a speech in behalf of the naval appropriation bill in the house today explained that, while he believed the measure provided for greater preparedness on sea than the country really needed, he was supporting it because it eliminated the navy department's five-year building program. He devoted himself most vigorously to attacking the so-called big navy men, asserting that the present clamor for preparedness was due in the main to hysteria and jingoism.

In opposing the five-year program Mr. Kitchin said it would be foolish to contract for ships at present high prices when it was probable that the cost of materials would be much lower after the war.

General debate closed with Mr. Kitchin's speech and the house then began consideration of the bill under the rule permitting five-minute speeches on amendments. This probably will be continued until 4 o'clock Friday afternoon, the hour set for the final vote.

Representative Farr of Pennsylvania, speaking for the minority report with its larger building program, drew applause from the galleries by declaring in favor of building 25 capital fighting ships, 250 submarines and many aircraft.

# WILL TRY TO PROVE INNIS IS MURDERER

## STATE OFFICIAL SAYS OREGON MAN MURDERED WOMEN FOR THEIR MONEY.

### Man on Trial for Breach of Trust of \$3,745.20 of Missing Women's Money.

ATLANTA, Ga., May 29.—The state will attempt to prove that Victor E. Innis of Eugene, Ore., not only took \$3,745.20 from Mrs. Elsie Neilsen Dennis, but that he murdered Mrs. Dennis and her sister, Beatrice Neilsen, Solicitor-General Hugh M. Dorsey announced today at the opening of the Innis trial for larceny after trust. The Innis trial for larceny after trust. The Innis trial for larceny after trust. The Innis trial for larceny after trust.

The state today elected to try Innis first after the defense had won its point that the two should get separate trials. First witnesses alleged were intended to show Innis' alleged connection with the murders and Solicitor Dorsey produced a savings passbook in which he asserted he would prove the women's bodies were ground up at San Antonio. On objection of the defense, Superior Court Judge Ben H. Hill, presiding, ruled that the state must show that the \$3,745.20 mentioned in the larceny indictment was entrusted to Innis before taking any other part of the case. It was intimated the state would later bring evidence regarding the alleged murder. Mrs. John W. Neilsen, mother of the missing women, then took the stand and before adjournment testified regarding letters she said her married daughter received from Innis, who it is said, acted as attorney for Mrs. Dennis prior to her disappearance.

Mrs. Neilsen referred to Innis as that "demon" and was told by the court that such language would not be allowed.

CHICAGO, May 29.—An official statement of the meeting of German-American leaders held here yesterday and today was given out this afternoon:

"All large organizations of Americans of German ancestry throughout the country were either directly represented or assured of sympathetic support," says the statement.

It quotes a formal "platform of principles," the substance of which was made public yesterday, and announced adoption of the following resolutions:

"We, the authorized representatives of millions of voters in the United States that:

**Demand Neutrality.**

"1. We demand a neutrality in strict accordance with the advice contained in George Washington's address to the American people."

"2. We urge a foreign policy, which protects American lives and American interests with equal firmness and justice."

"3. We condemn every official act and policy which shows passionate attachment for one belligerent nation or inveterate antipathy for another."

## Roosevelt, Hughes and Roosevelt Forces Begin Preliminary Move for Mastery.

# REPORT 40 CONTESTS FOR CHICAGO MEET

## Hughes Men Resort to Trick to Have Candidate's Name Called First.

CHICAGO, May 29.—Republican Roosevelt headquarters were opened in Chicago today by Herbert L. Satterlee and Lawrence Graham of New York and active work getting delegate votes for the candidate began. The headquarters were opened several hours before Colonel Roosevelt arrived from en route to Kansas City, where he is to deliver an address tomorrow.

George Von L. Meyer, former secretary of the navy, is expected in Chicago tomorrow to assume the duties of the pre-convention campaign for Roosevelt.

Indications are that the plan of Frank H. Hitchcock to have the name of Charles E. Hughes presented to the Republican national convention and the first contest may result in an interesting fight between the Root, Roosevelt and Hughes forces.

**Move Frustrated.**

Hitchcock's arrangement in that when the roll of states is called in alphabetical order to make nominations for president, to have Alabama the first on the list, yield in favor of New York so that Hughes may have the advantage of having his name presented first. When friends of Root and Roosevelt learned of this plan they declared they would attempt to get recognition from the chairman to present the name of their candidate before Hughes. They said that the chairman of the convention would be obliged to settle the dispute at the time it arises.

The total number of contests filed thus far is forty, which involves the right of 62 delegates to seats in the convention.

Secretary Reynolds received notice of a contest over the eight delegates at large from Texas. The contest was filed by C. J. Hostrasser of Houston, Texas, and will be heard by the committee when it meets to take up contests June 1.

National Committee Chairman Ralph E. Williams of Oregon announced that when the delegation of ten from his state arrives here June 4 he will recommend that the five men chosen as delegates to the Progressive national convention be seated as alternates in the Republican convention.

The list of alternates will be filled by the election of four unsuccessful candidates for delegate and the addition of seven more, seated as alternates in the Republican convention.

**Establish Headquarters.**

Senator John W. Weeks of Massachusetts will arrive tomorrow to remain until after the convention.

Campaign headquarters for Senator L. V. Sherman of Illinois, Senator C. J. Hostrasser of Texas, Senator C. J. Hostrasser of Texas, Senator C. J. Hostrasser of Texas.

**GET CLUE IN DEATH OF SEMINOLE GIRL**

Officials Say Sadie Jones Was Taken to Shawnee for Operation, Then Killed.

SEMINOLE, Okla., May 29.—Officials here at work on the mysterious murder of Sadie Jones, 15-year-old girl whose badly decomposed body was found in Salt Creek some days ago with a bullet wound in the head, have announced that sensational developments might be expected within the next few days which might precede a number of arrests.

Definite information that the girl was taken to Shawnee, where she was kept several days and a criminal operation attempted, has been established, according to officials. They assert that she was either killed in Shawnee and her body hauled to the creek, or that she was killed on her way home after she left the train at Hazel.

The county attorney believes that the slayer or slayers of the girl expected a suicide theory to be established upon the findings of the body. Following this clue several other persons are thought to be implicated and more arrests may be made in a few days.

Gus Jones, the uncle of the girl, who is being held without bail for the crime, still maintains a silence upon any questions asked him.
